### **EMRlogic and PayPros announce more activEHR software differentiation**

Companies leverage integration to offer eye care practices payment innovations

**Las Vegas, NV (September 5, 2012)** – Industry leaders [EMRlogic Systems](#) and [PayPros®](#) today announced the release of a fully integrated payment solution within [activEHR](#). The cooperative agreement offers EMRlogic’s activEHR customers an innovative, robust, secure and fully supported integrated payment solution.

“The PayPros payments functionality now within activEHR meets a critical need in the eye care arena,” stated PayPros President and COO, Eddie Myers. “It offers EMRlogic customers a distinct business advantage: a whole new level of payment convenience and security.”

“Our ongoing development of activEHR is all about providing the eye care profession an advanced clinical *and* business solution,” said Dennis Ball, VP Software Development at EMRlogic. “Our clients are concerned about not only protected health information but also the security of personal financial information. Our secure integration with PayPros is just one of the efforts we’ve undertaken to deliver the kind of assurance our users are looking for. We’re very proud to be working with PayPros to bring this caliber of payment innovation to the eye care profession.”
